

DHAMODHARAN S

Java Backend Developer | Spring Boot | Spring Security | Microservices | AWS

📞 +91 9080896677 ✉ ajaydhamu76@gmail.com [in LinkedIn](#)

PROFESSIONAL SUMMARY

Java Backend Developer with 3.5+ years of experience in designing, developing, and migrating enterprise-grade backend systems using Java, Spring Boot, Microservices, and AWS. Strong expertise in REST API development, CI/CD automation, cloud migration, security remediation, and production support. Proven track record of migrating legacy systems to cloud-native architectures with zero post-production defects. Experienced in Agile delivery for Banking and Medical Device domains.

TECHNICAL SKILLS

Languages: Java 8, Java 11, Java 17, SQL
Frameworks: Spring Boot, Spring Security, Spring MVC, Hibernate, JPA, Grails
Architecture: Microservices, RESTful Services
Databases: MySQL, PostgreSQL
Cloud Platforms: AWS, PCF (Pivotal Cloud Foundry)
DevOps & CI/CD: Jenkins, GitHub Actions, GitLab CI
Build Tools: Maven
Containers: Docker
Monitoring & Logging: Grafana, Centralized Logging
Security Tools: SonarQube, Black Duck, Checkmarx
Testing: JUnit, Integration Testing, Postman
Servers: Tomcat, WebLogic
Version Control: Git, GitHub, GitLab
IDEs: IntelliJ IDEA, VS Code

PROFESSIONAL EXPERIENCE

Wipro Ltd

May 2022 – Sep 2025

Project Engineer (Java Backend Developer)

- **Project: Enterprise Banking Application Modernization (Client: Wells Fargo)** *Mar 2023 – Apr 2024*
 - Migrated legacy Spring applications to Spring Boot microservices and upgraded Java 8 to Java 11.
 - Refactored monolithic components into REST-based microservices improving scalability and deployment speed.
 - Converted batch and shell script logic into Autosys-compatible Spring Boot services.
 - Built and maintained Jenkins CI/CD pipelines for automated build and deployment.
 - Implemented Venaafi certificate integration and centralized logging.
 - Performed SAST vulnerability remediation using SonarQube, Black Duck, and Checkmarx.
 - Executed extensive API validation using Postman and integration tests.
 - Successfully migrated **5+** critical applications with **zero post-production defects**.
- **Project: Cloud-Based Medical Device Application Migration (Client: Medtronic)** *May 2024 – Jul 2025*
 - Migrated on-premise Java and Grails applications to AWS cloud infrastructure.
 - Replaced WebLogic with Tomcat to support containerized deployment models.
 - Upgraded Grails framework from 4.x to 7.x and Java from 8 to 17.
 - Refactored legacy codebase to improve performance and maintainability.
 - Fixed high-priority security vulnerabilities and frontend-backend integration issues.
 - Provided Hyper Care production support and direct client coordination.
 - Assisted QA teams and guided offshore teams on deployment pipelines.

CERTIFICATIONS

- AWS Cloud Practitioner
- Docker Certification – Udemy
- Business English Certificate (B1) – Cambridge University

EDUCATION

RMK College of Engineering and Technology, Anna University

Year: 2021

Bachelor of Engineering – Mechanical Engineering

CGPA: 7.6

ADDITIONAL INFORMATION

- **Languages:** English, Tamil, Telugu
