Work Experience

Software Engineer

SomnologyMD - Redwood City, CA

October 2020 to Present

- Designed Figma mockups for Somnology's mobile app, SomnologyMD, that includes over 20+ interactive frames.
- Developed SomnologyMD mobile app in Swift that includes all of the main Figma pages and interactions.
- Integrated Bodimetric's MEGARing SDK into the mobile app, connecting it to Somnology's sleep ring device.
- Created a data pipeline that analyzes user sleep data and generates visual graphs in Jupyter Notebook.
- Maintained the company's existing WordPress website by ensuring that the servers stay up, adding/modifying pages, and redesigning Somnology's company logo.
- Technologies used: Swift, Xcode, Java, Kotlin, Android Studio, Python, Jupyter Notebook, Figma, WordPress.

Front End Software Engineer

Lyra Health - Burlingame, CA

June 2021 to August 2023

- Enhanced Lyra's Mobile App by architecting cross-platform components using React Native and Typescript, facilitating seamless functionality across both Web and Mobile platforms. This strategic approach enabled the successful transition to a Monorepo environment, streamlining the development of reusable components shared across both Web and Mobile.
- Demonstrated proficiency in end-to-end testing by implementing JavaScript testing framework Cypress, ensuring the robust performance of newly integrated features within the mobile app.
- Orchestrated the management of Storybook, an innovative UI Playground Library, effectively showcasing the dynamic interaction of components within an isolated developmental context.
- Pioneered the creation of user-friendly forms for Lyra's "Search For Care" feature, efficiently connecting clients with suitable therapists and coaches to enhance their care journey.
- Leveraged Chromatic to meticulously oversee and manage visual regressions across a spectrum of products, maintaining a high level of visual and functional consistency.

- Collaborated closely with the Design Team to breathe life into their Figma mockups, translating creative concepts into tangible, engaging user experiences.

Software Engineering Intern

OffWeGo - New York, NY

June 2020 to November 2020

- Reduced object rendering time by 30% by implementing local caching, leading to an increase in the mobile app speed by 20%. Introduced LRU cache algorithm to manage and delete user cache to save space in memory.
- Streamlined user experience by 15% by deleting redundancies in existing codebase, allowing users to quickly change pages and send messages through the client.
- Designed test cases to troubleshoot bugs in the existing MVP and wrote API technical documentation.
- Technologies used: Python, Django, React, AWS, PostgreSQL, Redis, Expo.

Education

B.S. in Computer Engineering

University of California - Irvine, CA

September 2016 to June 2020

Skills

- Swift
- Python
- Java
- C/C++
- mySQL
Languages/Databases (Familiar): React.js
- JavaScript
- HTML
- CSS
- Ruby
- postgresSQL
Tools: AWS
- Git
- REST API
- Docker
- Xcode
- Android Studio
- Wordpress
- VMWare
- Figma
- Raspberry Pi

- Arduino
- Selenium
- Operating Systems: Linux
- iOS
- MacOS
- Windows
- Android
- GitHub
- Agile
- Jira
- Node.js
- User Interface (UI)
- Market research
- E-commerce
- Mobile applications
- Agile
- UX
- Analytics
- Software development
- Jira
- APIs
- UI
- SDKs
- Python
- GitHub
- Java
- iOS
- Android
- React Native
- AWS
- JavaScript
- REST
- PostgreSQL
- Docker
- React
- Redux
- Git
- Test cases
- Product development
- Product demos
- Raspberry Pi

- Adobe Photoshop
- Product management
- VoIP
- Negotiation
- Analysis skills
- Project management

Assessments

Software developer fit — Proficient

July 2020

Measures the traits that are important for successful software developers

Full results: [Proficient](#)

Analyzing data — Proficient

November 2020

Interpreting and producing graphs, identifying trends, and drawing justifiable conclusions from data

Full results: [Proficient](#)

Indeed Assessments provides skills tests that are not indicative of a license or certification, or continued development in any professional field.
