SUMMARY

Business Analyst with around 9 years of experience delivering enterprise solutions across healthcare, financial services, SaaS, and data-driven environments in the US and India. Proven ability to convert regulatory, operational, and technical needs into structured BRD, FRD, and SRS documentation while supporting Agile and Waterfall delivery models. Strong background in analytics-driven decision support using SQL, Python, Power BI, Tableau, and cloud data platforms including AWS and Snowflake. Recognized for guiding UAT execution, KPI governance, forecasting, and ROI analysis that influence multi-million-dollar investment decisions. Adept at stakeholder facilitation, process optimization, risk analysis, and executive-level communication under complex, high-impact transformation programs.

SKILLS

Business Analysis & Strategy: Business Requirements Elicitation, Process Re-engineering, Stakeholder Alignment, Business Case Modeling, BRD, FSD, FRD, SRS, Gap Analysis, Root Cause Analysis, Workflow Optimization, Scrum, SDLC, Waterfall, UAT Management, Cross-Functional Communication, SWOT

Data Analytics & Decision Intelligence: Data Storytelling, Insight Translation, KPI Framework Design, Forecasting, Trend Modeling, Hypothesis Testing, Variance Analysis, Predictive Analytics, Scenario Modeling, ROI Measurement

Data Management & Visualization: Data Wrangling, Data Validation, Data Governance, Dashboarding, Excel Power Query, Performance Metric Tracking, Self-Service Analytics, Figma, Roadmap Planning

Tools & Platforms: SQL (PostgreSQL, MySQL, SQL Server), Python, Pandas, NumPy, R, Excel, Power Pivot, VBA, Power BI, Tableau, SAP Business Objects, Google Looker Studio, Alteryx, Talend, Informatica, Lucidchart

Cloud & Data Infrastructure: AWS, Azure, GCP, Snowflake, BigQuery, Redshift, Data Pipelines, ETL, ELT

Project Delivery & Collaboration: Agile, JIRA, Confluence, DevOps Alignment, Sprint Planning, User Story Mapping, Backlog Prioritization, Business Impact Analysis, KPI Measurement, MS Project, MS SharePoint, MS Office

Domain Expertise: Financial Services, Operations, Technology Transformation, Risk Analytics, Budgeting, Forecasting, Customer Behavior Analysis, Process Automation, ERP Systems, SaaS

Soft & Leadership Skills: Analytical Thinking, Problem Solving, Critical Thinking, Stakeholder Management, Executive Communication, Documentation, Mentoring, Decision Making Under Ambiguity

EXPERIENCE

Molina Healthcare, USA | Business Analyst

Jan 2025 - Present

- Translated regulatory healthcare policies into BRD, FRD, and SRS artifacts enabling compliant system delivery.
- Executed gap diagnostics across claims, provider, and eligibility workflows, reducing adjudication errors by 27%.
- Drove UAT orchestration for data-driven platforms, achieving 99.2% acceptance across multi-state releases.
- Established KPI governance models within Power BI, accelerating executive reporting cycles by 41%.
- Orchestrated Scrum ceremonies, backlog refinement, and dependency tracking across cross-functional technology teams.
- Performed ROI simulations and scenario analysis, influencing roadmap investments exceeding \$9.5M annually.
- Directed enterprise requirements discovery for Medicaid analytics initiatives, supporting \$18M healthcare operational spend optimization.

Trigent, India | Business Data Analyst

Jul 2020 - Jun 2023

- Conducted advanced SQL and Python analytics generating predictive insights for Fortune-500 client portfolios.
- Structured KPI measurement frameworks improving operational forecasting accuracy by 33% across financial datasets.
- Executed hypothesis-driven variance analysis identifying \$2.1M annual cost leakages within enterprise processes.
- Administered cloud-based analytics pipelines using Snowflake and AWS for scalable reporting solutions.
- Authored executive-ready dashboards using Power BI, Tableau, and Looker Studio for senior leadership reviews.
- Standardized data governance and validation protocols across relational and cloud data sources.
- Facilitated stakeholder alignment through data storytelling translating complex analytics into actionable business outcomes.

Borland Software, India | Business Analyst

Mar 2018 - Jun 2020

- Led end-to-end business analysis for SaaS transformation initiatives impacting \$6M annual licensing revenue.
- Converted stakeholder objectives into structured BRD and functional documentation supporting Agile delivery cycles.
- Evaluated system inefficiencies through root cause assessment, improving workflow throughput by 29%.
- Managed UAT execution and defect triage ensuring release stability across enterprise software platforms.
- Defined KPI hierarchies and performance scorecards for product and operations leadership.
- Governed backlog prioritization aligning technical features with revenue growth and customer retention goals.
- Supported roadmap visualization and requirement traceability using Lucidchart and Confluence repositories.

DMI Finance | Business Analyst

Jan 2016 - Feb 2018

- Documented functional specifications aligning credit risk analytics with regulatory compliance standards.
- Executed process re-engineering initiatives reducing loan approval turnaround time by 38%.
- Conducted scenario modeling and profitability analysis guiding strategic lending decisions.
- Delivered variance analysis and forecasting models supporting budgeting cycles and executive planning.
- Coordinated UAT cycles validating ERP and financial reporting system accuracy.
- Strengthened stakeholder communication through structured workshops and data-driven decision support materials.
- Performed financial requirements analysis supporting loan processing platforms exceeding \$120M disbursement volume.

EDUCATION

Master of Science in Technology Management | Lindsey Wilson College, USA

Post Graduate Diploma in Computer Applications | Osmania university, India

Bachelor of Computer Applications | Osmania university, India

CERTIFICATIONS

ISTQB foundation certified tester

CALARTS' UI/UX Design Specialization

Google IT Automation with python professional certification

Google Certified UX Designer and Researcher

University of Virginia-Digital Product Management Specialization
