SUMMARY

- Experienced iOS developer with 5 years of experience in mobile development using Swift and 6 years overall professional coding.
- Legally authorized to work in the US without future sponsorship.
- Bilingual in English and Spanish.
- Fast learner, highly creative, excels under tight deadlines, and adapts easily to new responsibilities.
- Skilled problem solver and critical thinker, excelling as a collaborative team member.
- Demonstrates excellent leadership, time management, and a perfectionist with a focus on clean code for optimization.

EXPERIENCE

Senior iOS Developer

Santander Bank

June 2022 – Present, Remote (USA)

- Developing Swift-based iOS banking app, leading 'My Business' team for project milestones.
- Resolving app bugs promptly for optimal performance.
- Integrating third-party API for seamless external service interactions.
- Proposing innovative features, contributing to product improvement sessions.
- Reviewing pull requests, conducting unit testing to validate app functionality and ensure stability, ensuring code quality and prioritizing accessibility for an inclusive user experience.
- Mentoring junior developers for skill development and team growth.

iOS Developer

Repsol S.A

March 2022 – June 2022, Remote (Spain)

- Independently developed successful Box Repsol iOS app in Swift using agile methodologies.
- Enhanced functionality by seamlessly integrating external API and services.
- Implemented push notifications for increased user engagement.
- Managed timely app store uploads for smooth deployment.
- Conducted quality assurance to uphold app performance.

iOS & C++ Developer

Indra Sistemas

October 2018 – March 2022, Madrid, Spain

- Led successful CaixaBank iOS app development, managing 'My Manager' team applying agile methodologies for streamlined development processes.
- Engineered advanced voice communication system for international airports using C++, Python, Ansible, Linux, etc.
- Engaged in meetings with international clients in Portugal and Tunisia, ensuring effective communication and project understanding.
- Innovatively developed Swift iOS app, showcased at global aviation summit, impressing clients on a single iPad.

EDUCATION

MBA

EAE Business School · Madrid, Spain · 2023

M.S. iOS & Android APP Development

Polytechnic University of Madrid · Madrid, Spain · 2019

B.S. Computer Science

University of La Laguna · Tenerife, Spain · 2018

SKILLS

- **Programming Languages:** Swift, Objective-C, C++.
