PROFESSIONAL SUMMARY

Pragmatic and forward-thinking Document Controller with over 5 years of experience across Design, Construction, and Fit-out environments. Proven track record in establishing document control systems from scratch, optimizing workflows between Site and PMO teams, and enforcing ISO-aligned procedures.

Currently integrating advanced skills in **Data Analysis, and AI** to automate reporting and enhance project efficiency. I am actively seeking a challenging role within a **multilingual environment** where I can leverage my **native Arabic, English proficiency, and growing German language skills** to bridge communication gaps and drive project success.

CORE SKILLS

- **Document Control & EDMS:** Aconex Specialist, Oracle Primavera, Hard-copy & Electronic Management, ISO 9001:2015 Compliance, Audit Preparation.
- **System Architecture:** Creating Naming Conventions, WBS (Work Breakdown Structure), Master Document Registers (MDR), and Folder Structures.
- **Technical Tools:** MS Office (Advanced Excel), Adobe Acrobat/Foxit, Google Drive/OneDrive, Basic AutoCAD.
- **Emerging Tech:** Data Analysis, AI Prompting, Python (Basic), Automation for Reporting.
- **Languages:** Arabic (Native), English (Intermediate/Professional), German (A2 - Elementary).

PROFESSIONAL EXPERIENCE

Focal Building Solutions KSA-EGY | Cairo, Egypt & Jeddah, KSA (Remote/Hybrid)
Document Controller (Design & Build) | Nov 2025 – Current

- **System Setup & Optimization:** Spearheaded the creation of the department's document control infrastructure, including designing standardized Templates, Logs, Forms, and Trackers to ensure consistent data capture across all project stages.
- **Project Coordination:** Act as the central information hub connecting Remote Design Teams, PMO, Cost Control, and on-site Construction teams, ensuring seamless data flow.
- **Cycle Management:** Manage the full lifecycle of documentation from origination to archiving, strictly enforcing naming conventions and storage protocols.
- **Tender & Execution Support:** Facilitate critical document exchanges during Tender and Construction phases, ensuring all stakeholders have immediate access to the latest revisions.
- **Key Projects:**
 - **Diriyah (Riyadh):** Managed Design-stage documentation and revisions.
 - **NHC Tower (Riyadh):** Handling Tender and Construction-Execution documentation.

Vital Konzept | Maadi, Cairo, Egypt
Document Controller – Site | Jan 2025 – Nov 2025

- **Site-Office Bridging:** Managed the receipt, registration, and distribution of technical documents, ensuring the site team worked exclusively with "Issued for Construction" (IFC) drawings.
- **Risk Mitigation:** Conducted daily quality checks on incoming deliverables to prevent version conflicts and costly site rework.
- **Audit Readiness:** Maintained a dual-filing system (Physical & Digital) to support instant retrieval during client audits and inspections.
- **Workflow Monitoring:** Highlighted overdue submissions and non-conformances to the Project Manager to maintain schedule integrity.
- **Key Project:** Nile Badrawi Hospital – Infrastructure Fit-out.

INNOVACACIA | New Cairo, Egypt
Document Controller – Office (Hybrid) | May 2024 – Dec 2024

- **Submission Management:** Prepared and verified complex submission packages for Employer review, ensuring strict adherence to NEOM's rigorous standards.
- **Process Improvement:** Developed custom registers and transmittals that reduced data entry errors and accelerated the approval process.
- **Close-Out Documentation:** Organized Operation & Maintenance (O&M) manuals and As-Built drawings for seamless project handover.
- **Key Projects:**
 - **Sindalah Island (NEOM, KSA):** Four Retail Commercial Fit-outs.
 - **NEOM Airport (KSA):** Infrastructure Fit-out.

ICONIC Engineering Consultancy | Cairo, Egypt

Document Controller – Office | Jan 2023 – Apr 2024

- **Quality Assurance:** Enforced ISO 19650 and client-specific standards across all outgoing and incoming transmittals.
- **Reporting:** Generated weekly status dashboards for management, tracking approval codes (A, B, C) and identifying bottlenecks in the review cycle.
- **Key Projects:** Schneider Electric (Jeddah), VOIS, BEKO, Banque Misr, Saudi German Hospital.

ICONIC Engineering Consultancy | New Cairo, Egypt

Document Controller – Site | Dec 2020 – Dec 2022

- **Construction Administration:** Administered site document workflows, ensuring RFIs (Requests for Information) and Submittals were logged and answered within contractual timeframes.
- **Record Keeping:** Maintained accurate "Red-Line" markup drawings on-site to facilitate accurate As-Built creation later.
- **Key Projects:** Schneider Electric Headquarters, ITOUS (New Cairo).

Freelance

Remote Data Entry Specialist |

- Delivered accurate, high-volume data entry services with a focus on data integrity and speed.

EDUCATION

Diploma in Technical Mechanical Studies

Worker University (Gamaa Omalya), Tanta Branch |

- **Grade:** Excellent (Project), Very Good (Overall - 76.5%)

CERTIFICATIONS & COURSES

- **AI Fundamentals (2025):** Data Science, Machine Learning, Coding, Data Analysis.
- **Oracle Aconex Accredited Associate (2023):** Professional certification for EDMS management.
- **German Language:** DAF Deutsch Kurs A1–B1 (2022).
- **ICDL (2018):** Full proficiency in Microsoft Office Suite.
